

Financial Responsibilities Statement

We realize that the financial aspects of healthcare are often confusing. We will do our best to help make this as understandable as possible. As long as we are provided with accurate and current insurance information, we will file the charges with your primary and/or secondary insurance companies. While we are pleased to be able to provide this service to you, it is extremely difficult for us to keep track of the individual requirements of plans. Each one has different stipulations regarding how often services may be rendered, and even more importantly, who may provide those services. It is therefore very important for you to bring proof of coverage (ID cards or insurance forms) to your appointment. Please review our process for insurance coverage so that you have all the relevant information at the time of your appointment.

If you have insurance coverage:

- Verify whether or not we are a participating provider for your insurance plan.
- Is there a co-pay or deductible with your insurance plan? Be prepared to pay that amount the day of your appointment.
- If you call our office, we can sometimes provide for you an estimate of payment due the day of your appointment.
- You will receive a statement as long as your account has a balance.
- If payment from your insurance company does not cover all charges, because of unpaid deductibles, coinsurance, or non-covered services, you will be responsible for any amount remaining on the account.

If you do not have insurance coverage or when non-covered services are performed:

- Please call our office to obtain an estimate of charges for the services provided for your appointment.
- We accept all major credit cards for payment.

I have read and understand the financial statement above, and agree to accept financial responsibility as described.
